

## **Service Times Change**

### **Bottom Line**

- To create easy to remember options and to set our campuses up for a great re-opening, we are changing our weekend service times. We will provide options on our CedarCreek Platform, Facebook and YouTube at 5:00 and 7:00 on Saturday and 9:00, 11:00 and 1:00 on Sunday.
- When we re-open our physical locations, we will start with the 5:00 on Saturday (other than Oregon) as well as 9:00 and 11:00 on Sunday. We will continue to stream online the 7:00 on Saturday and the odd hour playback will start at 1:00 on Sunday.

### **Goals**

- We want to provide service times that are easy to remember and pass on in conversation.
- We want to provide time between services for cleaning.
- We want to provide great options online because we believe that is where a majority of people will engage with our weekend service.

### **Broad FAQ's**

- How will we communicate this?
  - A communication plan is included in the Roll-Out Doc.
- Will all campuses be making this switch?
  - The only exception will be the Oregon campus. They will not have a Saturday evening option.
- What if a campus needs more service time options?
  - Campus growth will drive the addition of more service times. At this point, we are seeing other churches opening with significantly less numbers than what they were serving before Covid19.
