

# Pre-Marriage Mentoring Welcome Email Template

Dear \_\_\_\_\_ & \_\_\_\_\_,

We are so excited that you are interested in CedarCreek's Pre-Marriage Mentoring! Throughout this journey, we will be your Pre-Marriage Mentoring Leaders, and we look forward to encouraging you, and to learning and growing with you.

Here's a brief summary of what the Pre-Marriage Mentoring experience will be...

The program consists of about eight sessions. Each meeting lasts 1.5-2 hours, and we usually meet in our home. We try to schedule one meeting per week, although we can adjust as necessary. We will get started when you're ready, and we'll plan to finish with plenty of time to spare before your big day!

Our first session will be a meet and greet, along with an opportunity for us to answer your questions about the program and show you the book and workbooks that you will need to purchase before the second session. There is also an online personality and relationship assessment that corresponds with the book. You will both take the assessment before our second session, and we'll discuss the results throughout the course of the mentoring. The whole experience will give you great insights about yourselves and each other!

To give you an idea of who we are, we attend CedarCreek's \_\_\_\_\_ Campus. We've been married for \_\_\_\_\_ years. *(Insert a couple of details about your family, hobbies, etc.)* We've mentored \_\_\_\_\_ couples, and we have found it to be rewarding for both the couples we've mentored and our own marriage.

I'll follow this email with a personal call before the end of next week to set up our introductory meeting. I just wanted to be sure to let you know that we're looking forward to getting to know you and helping you get your marriage started on the right path!
